Dear Mr. Condliff:

SummerApp is a website platform that connects local high school students to small businesses seeking interns. We serve as a mutual pipeline for students and businesses, while simplifying the internship application process and guaranteeing intern to internship fit. SummerApp is free for both students and companies to create profiles on our website, which will be screened before being published to be browsed by students and companies. Small business users are paired with student interns for maximum fit and mutual benefit, using SummerApp's unique matching algorithm.

Nut-Tritious Foods intends to use SummerApp to match ___ interns for Summer 2018. The matching fee for each intern is \$15 total, \$5 to be paid immediately after pairing, and \$10 to be paid after successful internship completion of predetermined length by Nut-Tritious Foods.

This document is a letter of intent only. It is not intended to be, and will not constitute in any way, a legal or binding agreement, or impose any legal obligation or duty to either of us. If the foregoing terms are acceptable to you, please sign and return the enclosed copy of the letter of intent.

Sincerely,

FOR SUMMERAPP
