

# WPC Possible Partnerships With Changemakers

<b>Name</b>	<b>Project</b>	<b>Description</b>
Chirag	STEAM3D	Establish workshops for youths interested in STEM, specifically technology
Pierce	Bluetooth Child Carseat Alarm	Brainstorm new designs to implement the Bluetooth Child Car Seat Alarm into my eco-friendly vehicles so we may protect the environment and children at the same time. At the same time we would be protecting parents from injury bills and saving them money that would be used to purchase gas or electricity.
Joseph	Anti-smoking organic medicated vape juice or e/cigarette	Hold conventions and PSA's for youths to understand the harmful effects smoking has on one's body and the environment. By doing this, we'll reduce smoking casualties and reduce the pollution caused by smoking affecting our environment.
Shavon Moore	Bright Future's Music	Provide eco-friendly buses for field trips geared towards performance and recording opportunities. This way Shavon can make a change without harming the environment.
Erik Hofer	Beat The Plastic	Initiate community programs across the nation to clean our parks, lakes, and rivers. Initiate recycling competitions and programs in school districts, cities, and provinces where recycling is a widely practiced. For example, my home country Guinea.

Michael Aaron Ioffe	TILE	Organize TILE conversations that focus on making our environment a better place, innovativity, and career paths one could pursue and ties with helping the environment. Being able to speak languages that are profound in West Africa, such as Fulani, we could translate TILE talks across West Africa.
Dayshawn Roberts	T-Mobile Recreation Center	Have hands-on workshops at recreation centers for the youth to engage with and understand environmental issues. Provide eco-friendly buses to allow field trips to learning opportunities.
Jaden Carrier	Crafts For A Cause Miami	Initiate programs teaching kids how to help the Earth, plants, flowers, and trees. We could also teach kids how to produce fruits and vegetables to give to others in need.
Kery Cajou	UPNEXT	Being an issue near and dear to me, I would like to work with Kerry to influence our youth that there is a better way out and to have a bigger purpose in life than doing drugs. We can also motivate the youth to be innovative and inspire them how being innovative can help one become successful.
Mark Baptiste	UPGRADE	Include classes on app that teach about the environment. We could also work together to create apps that'll let drivers navigate their eco-friendly vehicles at the touch of a screen.
Ariyan Miller	The Millenial Mindsetters	Provide eco-friendly vehicles to allow state to state speeches without expelling dangerous gases into the environment.
Taja Clarke	Clean NYC	Help set up trash disposal stations in New York City as well as Columbus, Ohio. We could also design an eco-friendly garbage truck so that trash cans can be emptied efficiently without polluting the air.

Tina	A Connected Generation	Use platforms on the internet to make issues concerning the environment more aware of and for users to cooperate to brainstorm new solutions for our environment.
Kierra Gordon	L.O.M.	With our team having a background in making websites and apps, we could possibly help develop a platform for your great initiative.
Nooruddin Ahmad	@BDIFFERENT	Provide eco-friendly transportation for PSA's, events, and fundraising campaigns to help spread your message across the nation without harming our environment.
N/A	Books & Blanket	Offer books in genres that focus on environmental issues so that the youth may become more aware of environmental issues around them. As an advocate for education, we could also hold programs to teach children how to write their own books so that in the future they may inspire someone through education.
Jiia Stubbs	Soulful Soul Foods	Provide eco-friendly food trucks
Cotter Leonard	McShin's White Marker Project	As this is a close issue to me after losing friends to drug addiction I would love for us both to prosper so that I could sponsor your cause. More importantly in Ohio where the opioid and heroin crisis is getting worse.
Terry	Stop Ocean Pollution	I totally agree with your cause and I would love to partner. We could hold swimming/scuba diving classes and programs for communities to volunteer occasionally to clean up rivers, lakes, and ponds, which are all apart of our environment.
Jessica Albright	Animal Education	With experience in making websites, we can work together to build a website to increase your platform.

Jennifer Albright	Kids of The Future Preschool	Partner to establish hands-on workshops for preschoolers to expand third knowledge in the environment and provide eco-friendly buses for field trips that emphasize education in STEM and the environment.
Albany Navarre	Our Children's Children LLC	Partner and hopefully provide eco-friendly buses for college tours and present options and careers to the youth that are towards making our environment a better place.
Silky Gray	Baltimore Renaissance	Would love to work together to invite eco-friendly speakers and host workshops at rec-center to motivate the youth to help the environment.
Russel Bills	Echo Effect	We could partner to host occasional competitions that'll initiate the youth to compete sharing selfies that depicts who can clean up the environment the most.
Jay Adam	Guns with Extra Security	Currently doing research on new products that'll help limit casualties whilst ensuring that firearms are used appropriately, I would love to work with other like-minded individuals to help create a solution to the gun violence affecting our societies around the world.
Tariq Washington-Walker	World Apparel Co.	Provide eco-friendly buses for missions and tours to create awareness and provide assistance in tragedies across the world. With their clothing line, we would love to make t-shirts that'll help make environmental issues more profound.
Brianna James	Greater Horizon	Provide eco-friendly buses for field trips, seminars, and tours.
